Coimbatore | +91 82486 65969 | tharunmohan2004@gmail.com | [LinkedIn](#) | [GitHub](#)

Summary

Aspiring Software Engineer with strong foundation in backend development, cloud technologies, and data-driven systems. Skilled in building scalable applications, REST APIs, and applying problem-solving techniques. Passionate about developing secure, high-quality software and working in agile, collaborative environments.

Education

Sri Krishna College of Engineering and Technology, Coimbatore 2023 – 2027
B.Tech Artificial Intelligence and Data Science | CGPA: 8.53

Technical Skills

Languages: Python, Java, JavaScript, SQL
Backend & Development: FastAPI, Spring Boot, REST APIs, Microservices
Cloud & Databases: AWS, MySQL, MongoDB, Firebase
Tools & Practices: Git, Docker, Postman, CI/CD, Agile Methodology
Core Concepts: Data Structures, OOP, System Design, API Security, Debugging
Additional: Machine Learning, Big Data Basics, Kafka (Event Streaming)

Experience

Infosys Springboard — Java Developer Intern Nov 2024 – Dec 2024

- Developed a Smart Logistics platform using Spring Boot, React, and MySQL.
- Designed and implemented 12+ REST APIs improving backend efficiency by 25%.
- Applied debugging and troubleshooting techniques to resolve performance issues.

Smart Global Solution — Full Stack Developer May 2025 – Jun 2025

- Built scalable backend modules using FastAPI and MySQL.
- Collaborated in a team environment to deliver production-ready features.
- Improved system performance through query optimization and structured workflows.

Projects

Magil Organics — E-Commerce Platform Mar 2025 – Apr 2025

- Developed a full-stack platform with secure authentication and order management.
- Built REST APIs and optimized SQL queries for efficient data processing.
- Implemented responsive UI and ensured smooth user experience.

Smart LLM Router Jan 2026 – Feb 2026

- Designed a system to classify and route requests to appropriate AI models.
- Applied machine learning techniques for decision-making and optimization.
- Reduced computational cost and improved system efficiency.

Certifications

- AWS Cloud Practitioner Essentials
- Microsoft Azure Fundamentals (AZ-900)
- Python for Data Science — Coursera
- React Web Developer — Infosys Springboard
- Database and SQL — Infosys Springboard

Achievements

- 1st Prize — Hackathon, Bannari Amman Institute of Technology
- 1st Prize — Paper Presentation, JCT College of Technology
